## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 19 and 20 are rejected under 35 U.S.C. 102(b) as being anticipated by Weijand et al. (US 5836983). Weijand discloses an apparatus for delivering electrotherapy in one of a plurality of delivery modes comprising a mode selector 72 and electrotherapy delivery circuit response to the mode selector which is selectively configured as one of a voltage source 73 or a modified current source 74, depending on the delivery mode (Fig. 4A, column 4 lines 65-67, column 5 lines 1-40).
